

TENDER RESULTS

Invitation for tenders no.: 2024-04
Date of invitation: 24 January, 2024

Deadline for submission: 28 February, 2024
Evaluation completed on: 19 April, 2024

1. The Science and Technology Centre in Ukraine (STCU) is an intergovernmental nonprofit organization established to support research and development activities for peaceful applications by scientists and engineers formerly involved with the development of weapons of mass destruction. The STCU's activity is governed by the intergovernmental Agreement on the establishment of the Science and Technology Centre in Ukraine that was initially signed by Canada, Sweden, Ukraine and the United States of America. Subsequently, the European Union replaced Sweden, and Azerbaijan, Georgia, Uzbekistan and Moldova joined the countries who had signed the Agreement. In addition to funding research projects, the STCU is active in other fields including the searching of scientific partners, conducting the on-site presentations, scientific workshops, implementation of partnership projects, providing grants for overseas travel and supporting the patenting.
2. The STCU, for purposes of Project P788 invited tenders for the supply of *individual thermoluminescent dosimetry system for measuring individual radiation doses (reading unit and thermoluminescent dosimeters)*, and the following companies submitted their tenders:

ATOMKOMPLEXPRYLAD Llc
